2. Core Permit Rules & Restrictions

Permit Required: For vehicles exceeding legal size/weight limits.

Legal Limits (without permit): Width 8'6", Height 14', Length 75' (combination).

Weight: 20,000 lbs single axle, 34,000 lbs tandem (federal bridge formula applies).

Superloads: Generally > 16' wide, > 16' high, > 120' long, or > 250,000 lbs require review.

Travel Restrictions: No movement on major holidays; curfews in Boise metro area.

Escort Requirements: Width > 12' requires escorts; Height > 15' requires survey and escort.

3. Permit Workflow

1. Carrier/Driver submits vehicle/load information.
2. System checks statutory limits, bridge restrictions, and route constraints.
3. Permit issued by Idaho Transportation Department (fees based on load size/weight).
4. Routing approved or adjusted to avoid restricted bridges/roads.
5. Compliance: Permit must be carried; escorts must follow ITD rules.

4. RAG Extraction Checklist
